friends went to the tomb and found he was no longer there he had risen again.

A nice Easter treat is resurrection rolls. You need big marshmallows, some melted butter, equal quantities of ground cinnamon and white sugar mixed together, and some premade pastry. Croissant pastry is best, but you could use any.

Dip each marshmallow in butter to coat it and then roll it in the mixture of sugar and cinnamon. Then parcel it up in the pastry, pinching the sides tightly to seal it in. Cook for 15 minutes on a baking sheet at 200 degrees C.

A prayer for when you eat an Easter egg:

The egg is like the stone sealing the tomb. Break it open Jesus is not there! Thank you, God, that Jesus is alive for evermore.
